

DROP SET INTENSIFIER - 4 WEEK PHASE

Drop sets are applied to the FINAL working set only unless stated otherwise. Reduce load by the stated percentage with no rest between drops. Working sets below do NOT include the drop.

DAY 1 - CHEST & TRICEPS

Exercise	Work Sets	Reps	Rest	Drop Set Protocol
Barbell Bench Press	4	8	120s	Set 4 only: double drop. -20% for 6 reps, -20% again to failure.
Incline Smith Press	3	10	90s	Set 3: triple drop. Strip one plate per side each time, 5-6 reps per drop.
Pec Deck	3	12	60s	All three sets dropped. -25% then reps to failure each time.
Cable Crossover	3	15	45s	No drop. Straight sets.
Overhead Cable Extension	3	12	60s	Set 3: run the stack. Drop 2 plates at a time until you cannot complete 5 reps.
Rope Pushdown	3	15	45s	Set 3: mechanical drop - switch rope to straight bar, no rest, reps to failure.

DAY 2 - BACK & BICEPS

Exercise	Work Sets	Reps	Rest	Drop Set Protocol
Lat Pulldown	4	10	90s	Set 4: double drop, -20% each. Keep the same grip throughout.
Chest Supported Row	4	10	90s	Set 4: single drop, -30%, reps to failure.
Single Arm Cable Row	3	12 each side	60s	No drop.
Straight Arm Pulldown	3	15	45s	Final set: triple drop, one pin per drop.
Preacher Curl (machine)	3	12	60s	Set 3: quadruple drop. Yes, four. -1 plate each time.
Dumbbell Hammer Curl	3	12	45s	Final set: run the rack. 12 reps, down 4kg, repeat until you reach the 8kg pair.

DAY 3 - LEGS

Exercise	Work Sets	Reps	Rest	Drop Set Protocol
Leg Press	4	12	150s	Set 4: triple drop. Remove one plate per side per drop, 10 reps each drop.
Hack Squat	3	10	120s	Set 3: double drop, -20% each, 8 reps per drop.
Leg Extension	4	15	60s	Sets 3 AND 4 dropped. -2 pins, reps to failure.
Lying Leg Curl	4	12	60s	Set 4: run the stack to the lightest pin.
Seated Calf Raise	5	15	45s	Every set dropped. -1 plate, 10 more reps.

Warning: drop sets are extremely fatiguing. If your session runs past 75 minutes, cut the final exercise rather than skipping the drops. Do not apply drop sets to squats, deadlifts or overhead press.
